

Centre For Empowerment &  
Enterprise Development

*The Centre for Empowerment and Enterprise Development (CEED), Adidome, formerly International Needs Vocational Training Centre, (INVTC) is a private, technical/vocational and entrepreneurial training institute established by International Needs Ghana (INGH) in 1991. The Centre empowers women and girls with skills in Fashion Design & Garment Construction, Cosmetology & Beauty Therapy as well as Hospitality Management.*

Three main programmes available are:

**NVTI**  
Regular programme  
(2-3 years)

**Short courses**  
in all 3 areas  
(3-6 months)

**Certificate 2**  
(1 year)

***An Exceptional Learning Experience***

# 5 reasons why CEED should be your best choice

1

*CEED gives you an Outstanding Learning Experience through a team of Dedicated, Experienced and Knowledgeable facilitators.*

2

*Through our Mentoring, Coaching and Affiliation programme our trainees interact with the best professionals in the industry in Ghana and beyond. Our affiliation with institutions overseas offers our students a matchless cross-cultural learning experience.*

3

*Our well-equipped resource centre (Books and computer laboratory connected to the internet) provides students with opportunities to research and broaden their knowledge and make training very exciting.*

4

*CEED creatively combines theory and practice using information communication and technology that leaves a lasting effect on students.*

5

*Our Business Incubator ensures that our graduates get a head start. CEED will provide the needed logistics to graduates to link up with customers and deliver on orders at a moderate fee. Graduates can start building their businesses from the Centre.*
